

3. Ensure that this and all murals commissioned for the City and County of San Francisco help promote a stronger, more vibrant, more harmonious and diverse community, rather than display divisive and hostile themes that are alienating and isolating to most San Franciscans.
4. In the absence of such protocol, halt this project until such time as protocols are established to ensure that the City and County of San Francisco's interests are represented in the artwork that it commissions.

Sincerely,

Cheryl Feiner
